EXAMINER'S AMENDMENT

The following is an examiner's statement of reasons for allowance:

The rejection under section 112, second paragraph is withdrawn in view of the amendments clarifying that the hydroxyl group-containing vinyl ether contains, as an impurity, those compounds listed in claim 8.

Trofimov and Kartashova are the closest prior art but fail to teach the claimed reaction wherein the hydroxyl group-containing vinyl ether contains, as an impurity, those compounds listed in claim 8.

An updated search of the prior art failed to uncover a reference that would have motivated those of ordinary skill to modify a known reaction to include a hydroxyl group-containing vinyl ether that contains, as an impurity, those compounds listed in claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
